R1 Document for demo purpose

King Saud Medical City (R1) is a Ministry of Health tertiary hospital which started to serve the people of Riyadh in 1956. Over the years, R1 has played the role of the safety net for Riyadh City. R1 receives more emergency cases than any other hospital in the kingdom. Currently, it has 1,400 bed capacity with more than 8,000 employees. The Medical City has major hospitals: General Hospital, Pediatrics and Maternity Hospitals as well as the Dental Center and King Fahad Charity Kidney Center.

R1's core competencies are Emergency Care, Trauma, Orthopedics, Burn, Bariatric Surgery, Dental Care and Critical Care where the ICU has 199 beds.
